I acknowledge that the land on which WRDSB sites are situated are the lands traditionally used by the Haudenosaunee, Anishinaabe, and Neutral people. I also acknowledge the enduring presence and deep traditional knowledge, laws, and philosophies of the Indigenous people with whom we share this land today. We are all treaty people with a responsibility to honour all our relations. To ensure that our identity and social position no longer predict outcomes, together we will transform our systems, structures, physical environments and practices to address and embrace the lived experiences, abilities, needs and stories of students and staff to ensure success for all
